

CAB BULLDOG PIPE SADDLES

Designed to quickly snap on pipe and securely retain a pressurized safety hose or cable in position on the pipe. Manufactured from high carbon .187 spring steel and totally plastisol coated for corrosion resistance and slippage reduction. Especially useful in methane drainage applications. Two standard sizes, other sizes available.

CAB 873

4" diameter, 100/Box, 15 lbs.

CAB 874

6" diameter, 50/Box, 12 lbs.
